

ATCA JIS Mark Fees

April 2008

Fees Chargeable The total approved fees for each type of certification activity are:

Initial Certification Application (domestic)	AU\$12751
Surveillance Assessment (domestic)	AU\$ 8677

The fees include cost of testing, and travel and accommodation charges in Australia. Where assessments can be carried out concurrently with other activities, costs will be reduced accordingly.

For other countries, the same basic fees apply, with travel expenses extra, being economy class fares (business class fares apply for flights over 6 hrs duration), assessors' travel time at \$128/hr, hire cars, accommodation and meals charged at cost. Travel expenses will be shared equally where 2 or more factories are assessed in one visit.

The following additional services are available, and the cost will depend on whether a site visit is required and if testing is involved. If required, contact ATCA for prior estimates of testing, assessor's time and travel expenses which are stated 'at actual cost'. Costs are based on assessor's charge of \$128/hr plus travel expenses, and testing costs of \$1250 per JIS sample.

Extension of Certification (adding extra grade or product)	at actual cost
Reconfirmation Assessment (follow-up on non-conformances or ad hoc inspection)	at actual cost
Preliminary Assessment Fee (1 day on-site pre-assessment for scheduling etc)	AU\$1280 plus travel & accom at cost
Re-issuing Certificate	AU\$120
